

80TH ANNUAL MEETING OF AAST & CLINICAL CONGRESS OF ACUTE CARE SURGERY

POSTER INSTRUCTIONS

This year's 80th Annual Meeting of AAST & Clinical Congress of Acute Care Surgery poster sessions will be in-person in Atlanta, Georgia. There will be an online component where presenters will be required to upload an audio file associated with their poster for those who attend the meeting virtually.

Virtual Platform Posters: The posters on the virtual platform of the meeting will be ongoing throughout the duration of the meeting (you do **NOT** have to slate time to be available for the virtual platform). For the virtual format, you will be asked to upload your poster/audio recording to the meeting platform by **11:59 PM CST on Friday, September 17th**. You will record your presentation in an audio file and upload it to the platform. Each recording should be a maximum of six minutes. **A link to the online platform to upload your poster will be sent soon.**

Onsite Poster Sessions: Please note all posters at the meeting will be available for viewing by means of an online ePoster session; therefore, no printed posters will be at the meeting. ***Your poster that will be shown on site will be the same one that you submitted to the virtual platform listed above by Friday, September 17th.*** On site, there will be two poster professors per session (two poster professors at all 7 kiosks, with roughly 10 presenters per kiosk) that will facilitate discussion and will move the session forward. The poster professors will announce each poster title as the session progresses. As an ePoster format, each presenter will stand by the kiosk to wait until their name is called. Once it is called, you will stand next to your poster and begin your presentation. During your presentation, you will have four minutes to present your poster and will be allotted two minutes for questions from the attendees. **The poster sessions will be held on Wednesday, September 29th from 6:00-7:00 PM EST and Thursday, September 30th 12:10-1:10 PM EST. Your assignment to which day/time and group your poster will be placed in will be given to all presenters soon.**

GUIDELINES FOR YOUR EPOSTER:

- A section at the top of the poster must contain the Title, Authors, and Affiliations
- Files must be in Adobe Acrobat (.pdf) file format
- PDFs should be formatted landscape, 8.5 x 11 inches (or similar)
- All posters will be shown on a ~52" TV screen. Please ensure that your poster is readable up to four feet from the screen.

If you need help with uploading your poster/presentation or have any additional questions, please contact Rachel Sass at rsass@aast.org
