

THE AMERICAN ASSOCIATION FOR THE
SURGERY OF TRAUMA

*ADVANCING TRAUMA AND ACUTE CARE SURGERY THROUGH
COMPASSION, DISCOVERY, AND DEDICATION*

During the COVID-19 Pandemic, the AAST reminds our members to be cognizant of our own unconscious and implicit biases. Since this outbreak has started, Asian members of both our own surgical community and the public at large continue to experience profiling and racism privately and publicly. As we embrace the challenges ahead of us, share your support with friends and colleagues. Treat everyone with kindness and respect. Together, we will care for each other and our patients.
