

5th World Trauma Congress

IN COLLABORATION WITH AAST

FEBRUARY 14-18, 2021
THIS YEAR'S MEETING IS FULLY VIRTUAL

This year's 5th World Trauma Coalition will move to a full virtual format. ePoster sessions will be ongoing through the duration of the meeting. For this virtual format, you will be asked to upload your ePosters to the virtual meeting platform (CadmiumCD) by 11:59 PM CST on Friday, January 15th. You will record the presentation via the system as well in an MP3 format. Each recording should be a maximum of six minutes.

Each poster presenter will be paired with a Poster Professor(s). These Poster Professors will review your ePoster presentation prior to the WTC meeting and will ask you 2-3 questions about your ePoster via the virtual meeting platform. Once this is complete, you will be notified to login to the virtual platform and answer their questions through a chatbox that will be programmed to your specific poster. Attendees to the meeting will be able to see the Poster Professors' questions and your responses. Attendees will also be able to ask you questions about your presentation throughout the duration of the meeting on the platform to which you can respond. Again, attendees will see all questions/responses. More information on this to come!

GUIDELINES FOR YOUR EPOSTER:

- A section at the top of the poster must contain the Title, Authors, and Affiliations
- Files must be in PowerPoint (.ppt or .pptx) or Adobe Acrobat (.pdf) file format
- PDFs should be formatted landscape, 8.5 x 11 inches (or similar)
- The posters will be converted to a high-resolution image file once you submit

If you need help with uploading your ePoster/presentation or have any additional questions, please contact Rachel Sass at rsass@aast.org

Thank you, we look forward to your presentation!
